A BOARDING CUM DAY SCHOOL

THE FOUNDER

Dream, diligence and dedication have ever been the kernel attributes of that rare section of humanity which is ever engaged in the pursuit to translate its vision into reality. The dominant intellectual passion of Dr. Nadeem A. Tarin engineer, administrator and a person with techno-academic desires and inclination, has been, may well be regarded as penchant for education to teach and train the obscure class of society so that they are groomed and their talent eventually shines bright.

Born in Sambhal, a small town of Western Uttar Pradesh, he completed his B.Sc. (Civil Engineering) from the Zakir Hussain College of Engineering and Technology of Aligarh Muslim University in 1979 and thereafter went on to become a leading name in the field of construction and infrastructure development. He began his professional career with the Delhi Municipal Corporation and displayed outstanding command over Project Management to become the Director of Saudi Al-Terias Contracting Company, Kingdom of Saudi Arabia in 1980. He is involved in several landmark international projects as well. He is presently, the Co-founder and Managing Director of Sultan Al-Saadi Est., Kingdom of Saudi Arabia.

Dr. Nadeem Akhtar Tarin
(President, Nadeem Tarin Educational Society)

Being a classic example of a self-made man, the distinguishing feature about Dr. Nadeem A. Tarin's success story is his philanthropy. When it was time to celebrate his success he preferred sharing it with the community, especially the needy, marginalised and relegated sections of society. He strives proactively and incessantly to spread the light of education through the Nadeem Tarin Educational Society established in 1993 and is the founding head of many scholarships and endowments for Indian students abroad. He funded the establishment of many schools, including the land for Maulana Azad National Urdu University, U.P. Regional Centre at Sambhal and a post-graduate Boys & Girls College inaugurated by Shri Mulayam Singh Yadav, DPS School, Riyadh, Dunes International School, Al-khobar, Yanbu, Tabuk and Buraiydah in Kingdom of Saudi Arabia, Ayesha Tarin Modern Public School (+2), Aligarh, Mission International Academy and Al-Tarin ITI at Sambhal (U.P.).

His services to the social causes and support for multiple charities have fetched him profound applause. Aligarh Muslim University during the 62nd Convocation in 2015 decorated him with the Doctor of Letters (D.Litt. Honoris Causa). An NRI of repute, he has created job opportunities for thousands of Indians abroad for which he received the 'Hind Rattan Award', 'Mohsin-e-Qaum Award' was conferred upon him which he received from the Hon'ble Chief Minister of U.P. The City Council of Austin, Texas, US awarded him the title of 'Honorary Citizen'.

His international reputation notwithstanding, he remains essentially, a simple Indian at heart. He is a man with deep love for his country, its people and its composite culture. In his public life in spite of his many commitments, he has made commendable efforts to uphold human dignity. His interests in arts, culture, languages and history are inspired by the philosophy of Sir Syed Ahmad Khan, founder of Aligarh Muslim University, Aligarh. He has contributed significantly to the furtherance of Sir Syed's Aligarh Movement by the promotion of modern education at AMU through several endowments. He repaid to his alma mater by building 600 seats Nadeem Tarin Boys' Hall for engineering students with his generous grant. He has also committed to build another such facility in the New Campus of AMU.

As part of the dream and his desire to give back to the society, Dr. Nadeem A. Tarin has now incorporated a new charity organization named 'Nadeem Tarin Foundation', under whose banner a university with international infrastructure, facilities and standard is being conceptualized at Aligarh. This university will, Insha Allah, provide an opportunity and platform to the wards of NRIs to study and attain the knowledge which they normally find in western countries.

THE SCHOOL

Ayesha Tarin Modern Public School is the vision of its founder Dr. Nadeem A. Tarin who believes in the practice and ideals of Sir Syed Ahmad Khan. He along with his trusted fellow companions formed a society called "Nadeem Tarin Educational Society", which was registered under the Govt. of India Society Registration Act 1860 vide Registration No. 1356 dated 3rd February, 1994.

The School, located on the Anoopshahar Road in Aligarh, is Co-educational and Day Boarding in nature. It was inaugurated on 4th April, 1994 by his Excellency Mr. Mohd. Shafi Qureshi, Governor of Madhya Pradesh & Uttar Pradesh. The inaugural ceremony of the school was attended by many renowned dignitaries from within and outside Aligarh.

The School started from Classes Nursery to VIII in its main campus at Anoopshahr Road, Aligarh in July, 1994 with an intake of 400 students and 14 teachers. The School was affiliated to Central Board of Secondary Education (CBSE), New Delhi for the Secondary School in February, 1998. The School was later upgraded to Senior Secondary level in two streams - Science (PCB & PCM) and Commerce in the year 2006. The Pre-Primary and Primary Section were shifted to the Civil Lines area at Anwarul Huda Compound, Lal Diggi Road in July, 2006 owing to continual requests from the local dwellers.

THE SCHOOL MOTTO - *Progress Through Education*

The dark night of ignorance can be, enlightened only through education. The aim of education in the new millennium is to help the child develop her/his intellectual, aesthetic and emotional capabilities. The school focuses on national integration, secularism, academic excellence and all-round development of the child.

VISION

Keeping in mind what Graham Greene said about childhood, "There is always one moment in childhood when the door opens and lets the future in", Ayesha Tarin Modern Public School, by the grace of the Almighty, endeavors to shape the future of the children by imparting value based quality education.

MISSION

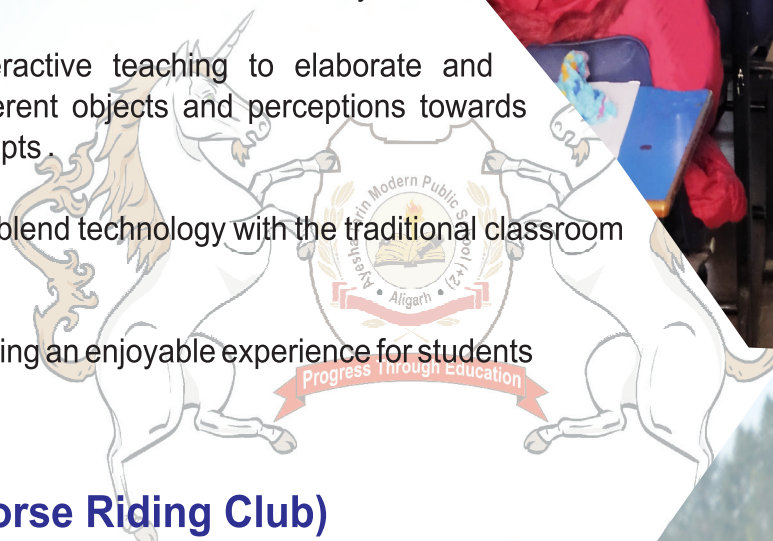

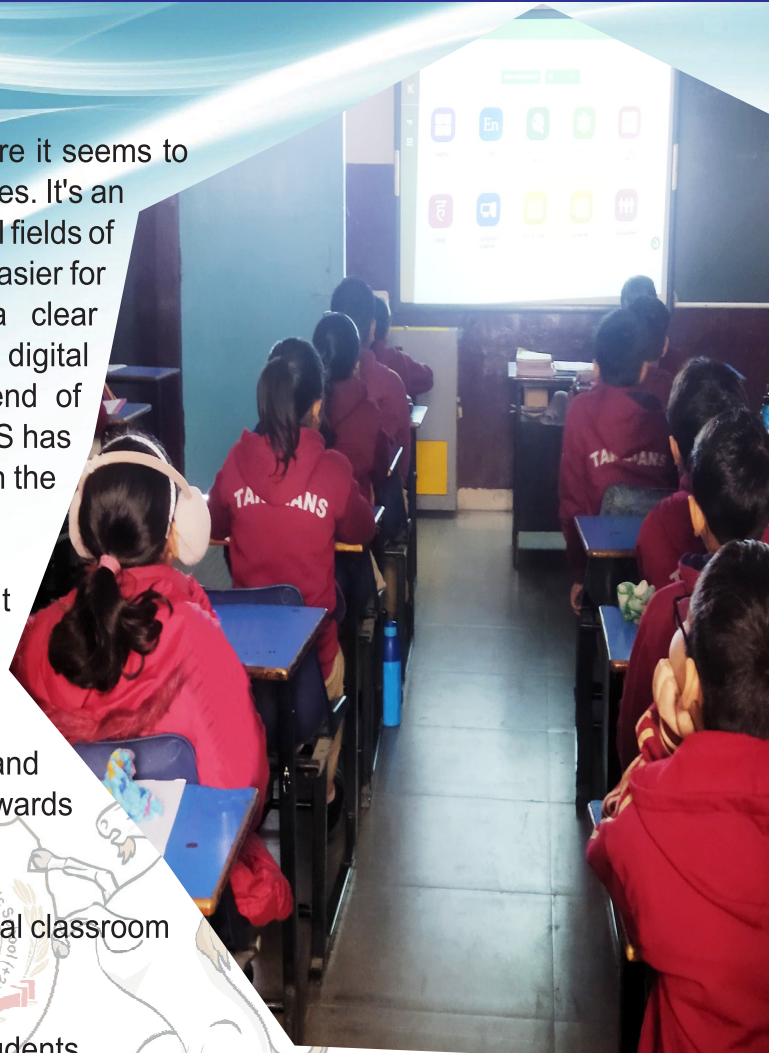

ATMPS strives to raise the quality of education to the international level, aiming at a comprehensive development of the personality of the child. To make the child attuned to the global standards of education ATMPS aims at implementing a programme, holistic in nature and suitable in guiding children make a niche in global society.

SALIENT FEATURES

Smart Classes

The more advanced technology has become, the more it seems to have made its impact on different spheres of human lives. It's an undeniable fact that technology is widely promoted in all fields of our society for the simple reason that it has made life easier for people. Education is not left untouched. With a clear understanding that the world is undergoing a digital transformation and that education should be a blend of traditional methods of teaching and technology, ATMPS has turned all its classrooms into digital Smart Classes with the following objectives:

- To enable teachers to access multimedia content and information that can be used for teaching the curriculum to students more effectively.
- To have interactive teaching to elaborate and compare different objects and perceptions towards various concepts.
- To effectively blend technology with the traditional classroom teaching
- To make learning an enjoyable experience for students

Equestrian (Horse Riding Club)

Horse riding is an incredible and joyful experience and a great form of exercise which has both cardio-vascular and muscle conditioning benefits. Learning to ride a horse gives a sense of mystical pleasure and enables a person to develop the skill to communicate with the horse. The school has established an in house horse riding club that facilitates and introduces students of class VI-XII to very fine quality of horses and train them to hone perfect horse riding skills by trained and experienced instructors in a safe and gentle learning environment.

School students are welcome to join the riding club on cash payment of ₹ 1,000/- per month with due consent and approval from the parents/guardians.

Language Lab

ATMPS has a modern Language Laboratory with audio visual aids, which helps students learn language skills.

The main objectives are

- To hone the communication skills of the students
- To stress the need of English in the modern world
- To make students ready for interviews and future job environments
- To train the students in the art of conversation and group discussion

Art & Craft Room

We provide the facility of an Art and Craft room to bring out the creativity and innovative skills among children.

Music and Dance

With a belief that learning an art form makes one more receptive and sensitive and helps in the development of one's aesthetic nature, the school offers music and dance classes to students. One of the objectives of these classes is to cultivate and enhance the interest in Indian classical dance and other associated performing arts.

Infirmary

The school has a spacious infirmary which remains open 24/7 to take care of the health issues of any student. It is manned by qualified medical and nursing staff. In case of any emergency, the school gets in touch with the medical college of AMU or any competent private nursing home in the city.

Library

The school has a well stocked library in both the wings of the school. The collection of books cover a wide range of subject based materials as well as story books, literature, science fiction, general knowledge and theology books.

Audio-Visual Education

To make education more interesting and meaningful to children, the school is equipped with audiovisual aids in every classroom. To promote technology aided education, short films, educational slides are used by teachers as per the requirement of the various subjects.

Robotic Lab

Explore the frontier of robotics, where students innovate with state-of-the-art technology. Under expert guidance, they design and program robots that tackle intricate challenges,

honing their STEM skills. Step into our lab, where imagination meets innovation, shaping the future of technology.requirement of the various subjects.

Computer Studies

The school realises the growing need for computers in modern life. It hence, offers to its students a state-of-the-art computer laboratory to help them become computer literates.

Sports

Games and sports play a vital role in developing leadership qualities, physical co-ordination and sportsmanship among the students. To develop all these

qualities, ATMPS provides various outdoor and indoor games, like Cricket, Basketball, Volleyball, Table tennis, Badminton, Football, Chess, Carrom, Ludo and Skating etc.

Educational Tours / Excursions

To give students an opportunity to relate the classroom learning to the real world situation, educational tours are arranged for the students to places of importance in and around the city. The school believes that excursions are a great way to broaden one's horizons, to get a first hand knowledge of the world around them. Our objective in organising educational tour as part of the curriculum, is to give

our students practical knowledge and field experience in addition to the theoretical knowledge and to stir up their curiosity about the world around them.

Counselling Sessions by Child Psychologists / Counsellors

The school organises regular counselling sessions by counselors to facilitate student achievement, improve student behavior and attendance, and help students develop socially. Our School counselors also offer individual counseling to help students resolve personal or interpersonal issues to maintain academic standards and set goals for academic success.

Co-curricular Activities

With the belief that education should not remain confined to the four walls of the classroom, we at ATMPS, aim at the all round development of a child's personality. Striking a balance between scholastic and co-scholastic activities is not always an easy task. Keeping this in mind, ATMPS organise four special weeks (Literary Week, Cultural Week, Craft Week, Sports Week) for Inter-House co-curricular activities at predetermined time period in a year. The activities are so designed that they help hone the talents of the young minds. They make sure that our children's intellectual, physical and moral growth is taken care of.

Yoga & Martial Arts

Judo, Karate, Taekwondo are the gentle art of self-defense. These indoor games, promote mental and physical discipline and help in development to create a confident and balanced personality. The school provides coaching facility to the children in these martial arts & Yoga by experts.

Student Council

The school cabinet is an important part of the school and comprises of a robust team of Head Boy, Head Girl, Captains, Vice-Captains, Senior and Junior Prefects and Class Monitors. Being student representatives, the cabinet acts as a bridge between the students and the school management. The cabinet, apart from being responsible for the maintenance of discipline in the school, also shoulder the responsibility of organizing all cultural programmes and competitions held in the school.

Science Labs

ATMPS has spacious and safe Science Laboratories for Physics, Chemistry and Biology, which help students learn through scientific experiments. These laboratories are well-equipped with modern apparatus, and have the objectives of developing scientific reasoning ability, developing practical skills, increasing understanding of the nature of science, cultivate interest in science and

Literary Competitions

To enhance the communication, intellectual and literary skills of the students, various Inter-House competitions like debate, elocution, extempore, essay writing, quiz, story writing, anagram,

spellathon (spelling contest) etc. are organized frequently.

Art and Craft Competitions

A number of Inter-House Craft activities like Rangoli making, mehndi, flower arrangement, best out of waste, fireless cooking etc. are timely organized. These activities help stimulate creative

instincts in students.

Cultural Activities

To recognize and promote the talent of all kinds and of all degrees, a variety of Inter-House dance, music and drama activities are organized.

Sports Competitions

ATMPS offers a wide range of games and sports to the students. Besides, PT, which is mandatory for all boys & girls. Inter-house competitions are organised. These

competitions are part of school academic programme and judge individual as well as group skills of the students.

A JOYRIDE FOR TINY-TOTS

Learning With Fun

Our aim is providing instructions to children through worksheets & books which are easy to handle and learn; good to evaluate performance, and also ease students' burden. Modern methods of teaching which include cross word puzzles and word games are used to stimulate creative thinking. A blend of traditional and modern teaching approach through Audio Visual aid & Smart Board ensures joyful learning among students.

Mid-Day Meal

Keeping utmost care of hygiene, nutritious food is provided to tiny-tots from Playgroup to KG under the mid-day meal scheme of the school.

THE HOSTEL

ATMPS has a well-furnished air-conditioned hostel for Boys and Girls from class III onwards. The hostel is equipped with all modern facilities. The rooms are furnished with separate beds, cupboards and study table for each student. A separate reading room is provided for self-study and preparation. The team of committed wardens and support staff ensure the discipline, academic life and cleanliness of the hostel.

Prayer and Quran Studies

Keeping in view the religious essence of the organization and to develop spiritual and religious spirits, we have proper arrangement of prayer room where children assemble and offer Namaz together. Classes of Quran recitation are also conducted.

Exercise and Martial Arts

To develop a sense of harmony and discipline among the students, arrangements for exercise and Yoga have been made. Experts have been employed to train students in various martial arts and learn

the techniques of self-defence.

Outings and Tours

In order to free the hostellers from the continuous hectic schedule of both the school and hostel, they are taken out on Sundays and holidays for movies and picnics. Besides, one

outstation trip is also planned for the boarders to the places of amusement.

Recreation

Boarders have a well equipped common room with a T.V. Indoor games facilities like Ludo, Carrom, Chess, Table-Tennis etc. are also provided so as to enjoy their leisure hours.

Medical Care

Round-the-clock medical aid is available. Periodic medical checkups are conducted to monitor medical and physical fitness of the student by a General Physician. A resident trained nurse is employed by the school to take care of the boarders.

Personality Development

In addition to rigorous academics, exclusive programmes are conducted by experts which include Spoken English, Discipline, Attire, Eating, Etiquettes and Body Language etc.

Reading Room

Reading Room facility is provided to the students of secondary classes upto late hours during their exams and tests.

Tutorials

Tutorial classes are arranged for students with special focus on slow learners. This is handled by the subject teachers and also by experienced tutors employed by the school.

COURSES OF STUDIES, TESTS AND EXAMINATIONS

- The medium of instruction is English. The school follows the CBSE curriculum/guidelines in running its courses. Assessments are done according to the CBSE guidelines.
- Senior Secondary Level: PCB, PCM & Commerce.
- Optional Subjects: Computer Science, Geography and Physical Education

Parent Teacher Meetings (PTM)

The main objective of Parent - Teacher Meetings is to build a common platform, where teachers and parents come together to discuss students' performance and find ways to enrich their learning experience. ATMPS holds regular PTMs to discuss and assess the overall progress of the child on the dates given in the school planner.

Transport

ATMPS has a fleet of well-maintained and comfortable buses to provide transportation to the students and staff coming from different parts of the city.

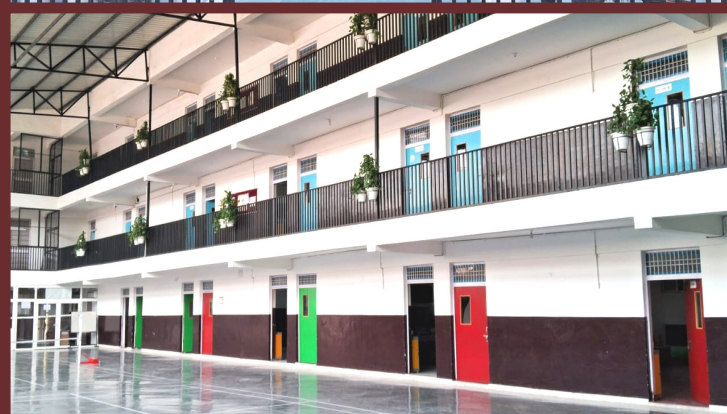

WITHDRAWAL POLICY FOR STUDENTS

(Day Scholars & Boarders)

- In case the parents/guardians wish to withdraw their ward from school and/or hostel, they must mandatorily inform the school in writing to the Principal/Headmistress, at least a month in advance before the actual date of withdrawal, failing which, the school fee, hostel charges and other dues, failing due for the next quarter, will be levied.
- There is no provision of refund of full and/or part of school fee for whatever reason(s), unless the proper procedure for withdrawal is followed. In such cases the school will also not issue any formal document(s) such as Transfer Certificate, Character Certificate, Passing Certificate, Migration Certificate and Report Card etc to the students.
- In case the parent has made the payment for the entire year at the outset of the academic term, refund will be made as per the school rules.
- The parents of boarders will be required to pay the entire hostel fee of the particular quarter in which they withdraw their ward. However the mess charges will be taken only for the number of days in which the boarder avails the mess facility for that quarter.
